ONDINE SCONCE

GLAMOUR SHOT

COMPANY Mary McDonald for Robert Abbey, Inc.

RETAIL price available upon request	INFO robertabbey.com
--	-----------------------------

"I like this particular sconce because it was inspired by French lighting from the '40s and has a similar sensibility to some of the furniture in my own line. I can see a pair of these being used in a powder room, flanking a mirror, and am planning to use a pair above my Deco-inspired Cagney Chest."

CAROL POET

Poet Design
West Hollywood, CA

+ Combining contemporary design and feminine forms, Los Angeles designer Mary McDonald's light fixture is reminiscent of a Parisian artist's salon and was inspired by a vintage sconce from Paul Marra Design. The deep raspberry shade, crystal accent and brass finish suggest Old Hollywood glamour with a tailored look.
